Conflict Minerals Statement

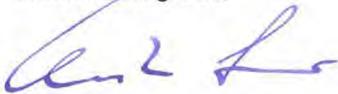

Dear Customer,

Thank you for your recent communication regarding conflict minerals. We are aware of the conflict minerals reporting obligations legislated by Section 1502 of the U.S. Dodd-Frank Wall Street Reform Act.

FRABA is a manufacturer of Sensors for industrial automation. We are buying most of our electronic parts through distributors. Therefore we are not in the position to provide accurate information about the use of conflict minerals and their origin.

We are in close contact with our supplier to get more detailed information. Up to now we did not find any evidence that conflict minerals from DRC are used in any of our products.

With best regards,

Christian Leeser
